REACTIVATION OF A SPACE DEDICATED TO THE COMMUNITY. STUDENT PROJECTS

Abstract: The projects that follow were developed by the participants (4th to 5th year students at “Ion Mincu” University of Architecture and Urban Planning in Bucharest, Romania), as a practical exercise during the *Errare Humanum Est. Errors, Mistakes and Failures in Design – Execution – Use* workshop. The theme was that of reactivating a space in Satul Banului with a high value for the community - as a point of water (there is a spring that provided water for the community and the cattles passing through the village), a place of worship (there is a roadside cross) and a place of gathering.
